South Fulton Youth Seriously Wounded

A 19-year-old South Fulton boy was seriously wounded Thursday afternoon in a hunting mishap near his home.

Harry McKinney, Jr., son of Mr. and Mrs. Harry McKinney, was struck in the chest by a .22 caliber rifle bullet. The accident occurred as the youth climbed from a ditch and the gun discharged.

Mrs. McKinney said that the youngster thought the gun was on safety and as he climbed the ditch bank, it fired.

The mother said that doctors told her and Mr. McKinney that the bullet passed through their son's chest puncturing a lung.

His condition was reported slightly improved at noon today at the Obion County General Hospital.

The youth and his parents are a prominent farm family in the South Fulton area. The McKinney home is located on Highway 45 about one half mile from South Fulton towards Martin.

The youngster has always been active in farm and 4-H clubwork. He was a longtime 4-H member and served as vice president of the Obion County 4-H Honor Club.

In addition, he has shown his Angus cattle frequently at area fairs and sales. A 1969

graduate of South Fulton High School, he is engaged with his father in the family farming interests. The McKinneys are recognized as among the top Angus cattle growers in Obion County.

Mrs. McKinney said her son left the house about 2:30 to hunt a short distance away across Highway 45 from his home. The accident occurred about a quarter of a mile away from the McKinney house.

The youth was found about 3:30 p.m. when he flagged a passing car. He had crawled from the site of the accident to Highway 45.

He was immediately taken to Hillview Hospital in Fulton and then transferred to Obion County General Hospital in Union City.

THE NEWS

SECOND
SECTION

THURSDAY, SEPTEMBER 25, 1969

Of interest to Homemakers

NURSING CLASS—The Third Licensed Practical Nurses Training School sponsored by the Weakley County Board of Education is being held at the Volunteer General Hospital at Martin. Members of the class are standing (left to right) Mrs. Winnie Winstead, Dresden; Miss Pat Ray, Fulton; Mrs. Shirley Lennor, Martin; Mrs. Martha Dilday, Dresden; Mrs. Donna Gunn, Sharon; Miss Vicki Adams, South Fulton; Miss June Vetter, South Fulton; Miss Pat Caudle, Martin; and Instructor, Mrs. Sarah Jane Green of South Fulton. In front are (left to right) Mrs. Betty Higgs, Martin; Miss Nancy Easterwood, South Fulton; Mrs. Mary King, South Fulton; Miss Sandra Harris, Fulton; Mrs. Susan Melton, Dresden; Mrs. Jan Myers, Crutchfield; Miss Kay Sudberry, Martin; Miss Rebecca Dennison, Martin.

Running Out

FRANKFORT, Ky.—The Kentucky Committee on Un-American Activities is running out of money and has all but eliminated its small staff and reduced hearings.

Gov. Louie B. Nunn, whose office has given the new group grants totaling \$48,000, said his contingency fund cannot afford to sustain the committee.

EAGER BEAVER: Few of us blame ourselves—until we have exhausted all other possibilities... some leave footprints on the sands of time; others are lucky and make their footprints on the moon.

Library System Has Increase In Circulation

The Obion County Library System reported an increase of more than 7,200 in circulation last year plus an increase of 1,120 new books and 746 new borrowers.

The main library in Union City made 23,206 loans to adults and 6,256 to juveniles for a total of 29,462 volumes loaned.

The largest bookmobile station was that at the City Drug Store in Obion where 1,506 volumes were borrowed.

MSU Is Test Center For Teacher Exams

MURRAY, Ky.—Murray State University has been designated as a test center for administering National Teacher Examinations on four different dates within the next year.

Dates for the testing of prospective teachers are Nov. 8, 1969, and Jan. 31, April 4, and July 18, 1970. The tests, prepared and administered by Educational Testing Service, are used by some school systems as a factor in the selection of teachers and by several states for certification or licensing of teachers.

Some colleges require all seniors preparing to teach to take the examinations. School systems and state departments of education which use the examination results are designated in the Bulletin of Information for Candidates.

At a one-day testing session, a candidate may take the common examinations, which include tests in professional education and general education, and one of the 15 teaching area examinations designed to evaluate his understanding of subject matter and methods applicable to the area he expects to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

16-Piece Exhibition At MSU

MURRAY, Ky.—A 16-piece exhibition of paintings by summer students at Murray State University will be on display in the library on the campus for about two months.

Located in the corridor connecting the old library with the new addition, the work includes oils, acrylics and spray enamel from the summer intermediate painting class taught by William Roode, art instructor and director of the Mary E. McCoy Hall Gallery in the Price Doyle Fine Arts Building.

Roode said the paintings represent a variety of approaches—including the human figure, dimensionals and landscapes.

Henderson Heads Obion County Education Board

Harold Henderson of South Fulton was named chairman of the Obion County Board of Education and Bobba Smith of Troy was named its vice-chairman in a recent board meeting.

In other action the board made a number of school appointments. Among those named to schools were the following teachers: Mrs. Hilda Edmiston, Cloverdale, third grade; Mrs. June King, Woodland, ungraded; Mrs. Gail Emrick, Kenton kindergarten; and Mrs. Janice Abernethy, Kenton, kindergarten aid.

The board also discussed overcrowded conditions at Obion County Central High School where 850 students are now occupying a structure originally designed

Roy H. Cates Jr. Takes UTM Post

Roy H. Cates, Jr., has joined the staff at the University of Tennessee at Martin in the position of university accountant according to Gene Stanford, business manager.

Following his graduation from UTM in 1967, Mr. Cates was employed as a computer programmer and program analyst with Tennessee Eastman Kodak in Kingsport.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES.
BEREAN BIBLE SOCIETY
CHICAGO, ILLINOIS 60635

ARE YOU SURE?

Would you like to have the knowledge, the assurance and the joy of sins forgiven? Would you like to be sure of heaven?

Well, the first step to heaven is to realize that you cannot get there by trying. You can't walk there. You can't climb there. You can't fly there. Only God can take you there. Many try to earn heaven. They try to climb there on a ladder of good works. They talk about "adding another rung." But look out for that good works ladder! It's not anchored at the top and the higher you climb the farther you will fall.

God's Word says that salvation is "the gift of God, not of works lest any man should boast" (Eph. 2:8,9). He is not going to have boasters in heaven—there are enough of them on earth and nobody likes them.

All of us should realize that even the best are not good enough for heaven, for "all have sinned and come short of the glory of God" (Rom. 3:23), but in this same statement the Apostle Paul declares that believers in Christ, who died for our sins, are "justified freely by His grace, through the redemption that is in Christ Jesus" (Rom. 3:24).

"Therefore being justified by faith, we have peace with God through our Lord Jesus Christ" (Rom. 5:1).

So, friend, it is not by trying, or crying, or praying, or paying, or doing anything that you will reach heaven—it is only by believing. God says He loves sinners, and that Christ died for our sins. Will you believe this and trust Christ as your own Savior?

"For the Father loveth the Son and hath given all things into His hands. He that believeth on the Son hath everlasting life, and he that believeth not the Son shall not see life, but the wrath of God abideth on him" (John 3:35,36). It's as simple as that.

Doctor in the Kitchen®

by Laurence M. Hursh, M.D.
Consultant, National Dairy Council

THE MIRACLE OF MILK

When you think about it, those quarts and gallons of milk that American families use each day are a miracle. Milk is probably the original convenience food—not just from mother to infant, but arriving in your home as it does, ready to pour and serve. And the technology that brings it to you each day from farm to family is as advanced as any in American industry.

For milk is unique in that the dairy industry operates under more voluntary and strict regulations than any other food. Its purity is guarded by a vast array of techniques, procedures, and tests that protect the consumer, starting with the dairy animals and ending at your store's dairy case or your home refrigerator.

Milk Standards

What are the standards for fresh whole milk? Well generally speaking whole milk contains not less than 3.25 percent milk fat and not less than 8.25 percent solids-not-fat. Individual states set their own laws and these percentages can vary somewhat with each state. Most whole milk in the United States is pasteurized and homogenized. An 8-ounce glass of whole milk contains about 160 calories.

In contrast to whole milk, skim milk is fresh whole milk that has had the fat removed. Thus, skim milk contains only an average 90

calories for each glass. Again, standards in different states vary but the milk fat in skim milk usually be between 0.1 percent to two percent. Skim milk's nutritive value is the same as whole milk except for the milk fat and vitamin A that it does not contain. Many dairies, though, add vitamin A and D.

Two Percent Milk

Then there is the so-called two percent milk. I note this term is often misunderstood by homemakers. What is it? As the name implies, two percent milk contains two percent milk fat. Thus it is a richer product than skim milk, but does not have as much fat as whole milk. It is made from fresh whole milk and skim milk, and nets out at about 150 calories per 8-ounce glass. Many dairies add nonfat dry milk and various vitamin and/or mineral preparations.

Especially as warmer weather approaches, make sure that you're as careful in handling milk after it is in your home as dairymen have been in bringing it from the farm to you. Your general rule should be to keep milk clean, cool, and covered. Particularly, you shouldn't let milk sit on your doorstep or in your car in warmer weather. Neither should you pour unused milk back to its original container. Cover it in the pitcher, or glass, and keep it cold.

Mr. and Mrs. Hermon Harrison

Hermon Harrisons To Celebrate Anniversary

FULTON, Ky., —Mr. A retired farmer, Mr. Harrison and Mrs. Hermon Harrison of Fulton Rt. 4 will celebrate their golden anniversary with open Cayce. Their children are Mrs. Roy Sept. 28, between 2 and 5 p.m. W. Carver, Fulton Rt. 1; Mrs. The Harrisons were married Charles A. Sloan, Monroe, La.; Sept. 25, 1919 at Union City, Raymond L. and Edwin E. Harrison, both of Fulton Rt. 4. They have 10 grandchildren and three great-grandchildren.

Mr. and Mrs. Harrison are members of First Baptist Church of Fulton. All of their friends and relatives are invited to the celebration.

Epitaph Will Remain As Is

PIRACUNUNGA, Brazil — A judge has decided that the epitaph of Francisco Franco de Souza, a journalist who died last year, will remain the way he dictated it. The inscription on his tombstone says in part: "Here is the prosaic end of a spermatozoid that, more than 80 years ago, penetrated an egg, initiated its evolution cycle and ended by becoming carrion."

Protection Agency Sues Miss Sinatra

LAS VEGAS, Nev. Singer Nancy Sinatra is being sued for \$2,200 by Carex Investigation & Security, Inc. The suit, filed Friday in Clark County District Court, said Frank Sinatra's daughter did not pay for 24-hour protection the agency provided her.

MAJOR POINTS & MINOR, TOO

By GORDON M. QUARNSTROM

BY THE BAY:

San Francisco had a long-delayed start to its 1969 tourist season, with Herb Caen remarking in the Chronicle: "For a while there, it looked as though the Camera-Breasted Seersucker had gone the way of the Monterey sardine and the Bay shrimp, and don't think there weren't a lot of worried people around town. Tourism is our No. 1 industry, No. 2 being testimonial dinners for people you never heard of, and without tourists, we're in worse shape than a pregnant belly-dancer."

KIND WORDS FROM DE GAULLE: When Gen. and Mrs. DeGaulle were at the Heron Cove Hotel on Kenmare Bay, Ireland, they had a magnificent view from their room of the Magillicuddy Reeks mountains and the bay. Perhaps it was this view which prompted him to say: "Here is a haven of perfect peace and quiet, just as I wanted it this time. This is the most picturesque country I have ever seen."

There is much more to the area than quiet, however. Terence Houghton of Irish International Airlines says there are fishing in both the Smeem River and the Kenmare River, a splendid golf course at Kenmare, boating, hunting and archeological sites to explore. South County Kerry abounds with pre-Christian burial sites and the remains of forts and other ancient structures. One of the best preserved is the Staigue Fort, dating from 500 B.C. Unmortared stone walls are 13 feet thick at the base and rise 18 feet to enclose an area 90 feet in diameter.

Fulton, Ky. Thursday, September 25, 1969 Page 2

Purely Personal: It always bothers me when people refer to a lecture as a podium... a lecture is something you read from; a podium is something you stand on... Book you'll enjoy: "The Right Time" by Harry Golden... Good news: The House Small-Business Committee's probe of store, gas station and other prize contests... there are more prizes offered than ever are won, and Major Points thinks the whole prize program needs a full and complete airing... nothing is better than fresh corn on the cob, and I always hate to have the season end!

MISCELLANY: Harry C.

Bauer asks if you've ever known a self-made woman? and he adds, "Some of my best friends are in a rut. We can't all be groovy"... movie you can miss without feeling a loss: "Slaves", something of a melodramatic minstrel show... A movie you can look forward to, probably in two installments: "War and Peace", which may be the epic of all film epics... interesting novel, "Rafferty & Co." by Betty Wahl, a story of an American family in Ireland... Betty Wolfgram says cigarettes are a drag... and Bob Miskelly adds these collective nouns: A wisdom of editors, a grovel of suppliers... Ivan Bunny says the "Dirty Dozen" are the last 12 movies he's seen.

Does a matter of money... stand between you and a car?

Fulton Beats Rockets 33-12 For 3rd Win

MARION, Ky. — Steve Erickson threw for 37-yard and 43-yard touchdowns and ran nine yards for another score in leading the Fulton City Bulldogs to a 33-12 victory over the Crittenden County Rockets here Friday night.

It was the third consecutive victory for Fulton City without a loss. Crittenden County scored in the first quarter on a one-yard run by Mike Heffington. Heffington scored again in the fourth quarter on a 65-yard run. The two TD's gave him a total of 62 points in the first four games of the season.

In addition to the play of Erickson, the Bulldogs scored on a 54-yard run by Ken Homra and a six-yard run by Hoyt Moore. James Myers kicked extra points after three of the five touchdowns.

Fulton City rushed for 95 yards, passed for 157 yards, and had five first downs while Crittenden County rushed for 266 yards, passed for 266, and had 13 first downs.

Fulton City will travel to Murray next week to take on the Tigers. Crittenden County will play Trigg County next week at Cadiz.

FULTON CITY 0 7 13 13-33
CRITTENDEN CO. 6 0 0 6-12

Fulton City-Erickson, 43-yard pass. Myers kick.
Fulton City-Erickson, nine-yard run. Kick failed.
Crittenden County-Heffington, one-yard run. Kick failed.
Crittenden County-Heffington, 65-yard run. Kick failed.

Martin Defeats South Fulton

Martin High School defeated its third Obion County football team in as many weeks Friday night when they made homecoming festivities a lot brighter with a 41-14 win over South Fulton's Red Devils.

Martin pulled to an early 16-0 lead in the first period and poured the fuel on the Devils. They added one touchdown each in the second and third period and two tallies in the final quarter.

South Fulton racked up a score in the second canto and again in the final frame.

South Fulton tallies came on a 54-yard pass play from freshman quarterback Bob Winston to Ralph Jackson and on a 72-yard touchdown run by Jackson.

Martin scored twice on passes from Danny Walker to Mike Stafford while Stafford also ran for one. Ronnie Shanklin added two more via the ground route. Martin defeated Union City 30-15 two weeks ago, downed Obion Central 39-6 last week, and then played the South Fulton team under Friday evening. All games were played at Martin.

The win ran the Martin team's unbeaten streak to 25 in a row.

Sixth Birthday Is Celebrated

Stephanie McConnell celebrated her sixth birthday recently at a gay party given at the home of her parents, Mr. and Mrs. Bobby McConnell of South Fulton.

Games were played by the children and later refreshments of ice cream, punch, and the birthday cake, which was decorated with a circus train and various animals, were served.

Those attending were Tim

STEPHANIE MCCONNELL

Vowell, Paige Vowell, Craig Coley, Sharman Coley, Tina Pope, Tamra Pope, Lana Moss, Andrea Miller, Rene Barber, Donna Carter, Rene Robey, Natalie Benson, Donnie Brundige, Ty McConnell, Nanette McConnell, Melissa McConnell, sister of the honoree, Mrs. James Willhauck, and Mrs. Raymond McConnell, grandmother.

Assisting in serving were Mrs. Johnny McConnell and Mrs. Carroll Brundige.

Blue-eyed, blond Debbie Reese of Martin was crowned Tennessee Dairy Princess by retiring Princess Kathy Boyd at the 14th annual pageant sponsored by the American Dairy Association of Tennessee. The pretty University of Tennessee, Martin sophomore is the 19 year-old daughter of Mr. and Mrs. T.E. Fuller also of Martin.

Blue-eyed, blond Debbie Reese of Martin has been crowned Tennessee Dairy Princess in competition with 16 other candidates in the 14th annual pageant sponsored by the American Dairy Association of Tennessee. Miss Reese who succeeds Kathy Boyd of Springfield, is the 19-year-old daughter of Mr. and Mrs. T.E. Fuller also of Martin. Named as her alternate was Linda Deakins, 20, a strawberry-blond Virginia Intermont College graduate and the daughter of Mr. and Mrs. John B. Deakins of Jonesboro. Miss Deakins was also named "Miss Congeniality", an honor bestowed on her by her fellow candidates.

The pretty farm girl won an \$800 wardrobe and the opportunity to compete for the title of American Dairy Princess. Her alternate received a \$100 cash award. Judging was based on natural attractiveness, knowledge of the dairy industry, personality, poise and speaking ability. Miss Reese is a sophomore at the University of Tennessee at Martin majoring in home economics. She was selected as a campus beauty and in the top ten of the Miss U.T. Martin Contest during her freshman year. A graduate of Martin High School, she was named Miss Martin High, Friendliest and served as a Class Officer.

Revival Slated For Fulton Area

FULTON, Ky. — Revival services will begin at the First Baptist Church Sunday morning at 10:50. The pastor, the Rev. James

W. Best, will preach Sunday morning and evening. The evangelist, Charles Massegee of Dallas, Texas, will arrive Monday and be present for all services of the week and through Sunday, Sept. 28.

HOW TO GET BETTER GRADES

What factors would you list as conducive to good grades in school or college? Being a genius? ... The teacher's pet? ... Intensive cramming for a specific exam?

If you're given the "no" to these few questions, you've passed a little test with a good grade. The experts on what it takes to be a well-educated person seem to think good grades occur not necessarily when grades, per se, are the only

goal but when a favorable situation for learning prevails in the home and learning is loved for itself.

Success in adult life doesn't necessarily call for genius I.Q. In fact, when recruiting students from the nation's campuses, many companies claim they prefer graduates more representative of the great mass described as middle class America. The capacity to get along well with other people, plus possession of a well-rounded accumulation of knowledge and the ability to relate it appropriately, and the love of learning, in general, which results in on going good marks in subjects, attracts many career opportunities to the graduate.

Homes where freedom exists for mutual discussions between parent and students encourages the capacity to communicate, objectively appraise events of the past and present and conjecture on the future. In addition to incorporating this aspect of a favorable learning situation in the home, other home rules are:

• CHOOSE SEVERAL NEWSPAPERS—An on-going supplement to formal schooling can be gleaned from your local paper that runs news on town, county or state government, educational systems, cultural events. Metropolitan newspapers take you to other worlds and their governments, sociological problems, customs.

• SELECT YOUR TELEVISION PROGRAMS—Television not only entertains but informs and educates. In-depth documentaries on medicine, archeology, the United Nations assemblies—various cultural developments and great world events—keep the entire family informed in the home. With a portable, such as General Electric's black-and-white battery-operated 9-inch solid-state model, an individual or the entire family can always be "there"

for major events such as lunar landings, Presidential election returns and other fast-breaking news events. The General Electric portable goes anywhere, anytime, and works with equally high reliability indoors or out.

• COLLECT GOOD BOOKS—A personal library of reliable reference material contributes also to a favorable learning situation at home and desirable results in school. A help to class studies, books, as gifts, are cherished for a lifetime.

By fully utilizing communications media resources, it is possible to more comprehensively utilize class-room work related to the world of information now reaching the majority of homes. Keeping well-informed through the media not only brings family members together in conversation but assists the younger members to "make the grade" as successful adults.

Head Start Draws 700,000 Students
WASHINGTON—The Office of Economic Opportunity estimates that more than 700,000 children participated in Head Start programs in fiscal 1967—more than half a million in eight-week summer programs and more than 190,000 in full-year programs.

Policyholder Questions Answered by
The Institute of Life Insurance, 277
Park Ave., N. Y., N. Y., 10017

Q. I'm going to be graduating from college with a liberal arts degree soon and I still haven't decided what I really want to do. A friend of the family who is a life insurance agent has suggested several times that I think about a career selling life insurance. From what I know about it, I'm still not sure. Can you tell me about the field?

A. There are financial advan-

tages in becoming a trained life insurance agent, but there are other rewards, too. You would, for example, have the satisfaction, many times, of helping people to set up a program which they need—and which most families cannot afford to be without.

It is important to know whether you have the aptitude for selling life insurance before you embark on such a career. If you are outgoing, enthusiastic, have confidence in yourself and interested in people you're on the right track. On the other hand, you have to be prepared to put in long hours and to adjust your working schedule to the convenience of your clients. Aptitude tests have been de-

veloped to determine if people like yourself have the characteristics of successful life insurance agents. These tests are based on continuing studies of thousands of agents throughout the country. Perhaps taking these aptitude tests and a man-to-man talk with your agent-friend would help to bring you closer to the right decision about your future career.

Q. In the process of moving to my new home I have lost our life insurance policies. What should I do about this?

A. If you contact the companies who carry your life insurance, they will take care of policy replacements. It is relatively easy to replace a lost policy, but you should do it promptly. Otherwise payment of benefits in case of an emergency might be delayed.

NO WONDER YOU SNEEZE
NEW YORK—In one season a single ragweed plant, the main culprit in hay fever, may bear up to 8 billion pollen grains. A square mile of the weed can send up as much as 16 tons of pollen into the air.
